Form 1

Patient Information

- **Name: _____**
- **Date: _____**
- **Age: _____**
- **Weight: _____**
- **Resting Blood Pressure (if known): /**

PART 1: Current Symptom Inventory

Instructions: Please rate your current experience with the following symptoms using the point scale below. Write the corresponding number in the score column.

- 0 = Never or almost never have the symptom
- 1 = Occasionally have it, effect is not severe
- 2 = Occasionally have it, effect is severe
- 3 = Frequently have it, effect is not severe
- 4 = Frequently have it, effect is severe

System	Symptom	Score (0-4)	System	Symptom	Score (0-4)
DIGESTIVE TRACT	**Nausea / Vomiting**		**EARS**	**Itchy ears**	
	Diarrhea / Loose stool			**Ear ache, ear infection**	
	Constipation			**Drainage from ear**	

	Bloated feeling			**Ringing in ear**	
	Belching / Passing gas			**Hearing loss**	
	Heartburn		**MOUTH / THROAT**	**Chronic coughing**	
	Intestinal or stomach pain			**Gagging, frequent need to clear throat**	
HEART	**Irregular or skipped heartbeat**			**Sour throat, hoarseness, loss of voice**	
	Rapid / pounding heartbeat			**Swollen / discolored tongue, gums, lips**	
	Chest pain		**SKIN**	**Acne**	
HEAD	**Headache**			**Hives, rashes, dry skin**	
	Faintness			**Hair loss**	

	Dizziness			**Flushing / hot flushes**	
	Insomnia			**Excessive sweating**	
JOINTS / MUSCLES	**Pain / aches in joints**		**NOSE**	**Stuffy nose**	
	Arthritis			**Sinus problems**	
	Stiffness / limitation of movement			**Watery itchy eyes**	
	Pain / aches in muscles			**Sneezing attacks**	
	Feeling of weakness / tiredness			**Excessive mucus formation**	
ENERGY / ACTIVITY	**Fatigue, sluggishness**		**WEIGHT**	**Binge eating / drinking**	
	Apathy, lethargy			**Craving certain foods**	

	Hyperactivity			**Excessive weight**	
	Restlessness			**Compulsive eating**	
LUNGS	**Chest congestion**			**Water retention**	
	Asthma, bronchitis			**Underweight**	
	Shortness of breath		**SPINE**	**Pain when bending forward, backward, or twisting**	
	Pain / aches in muscles			**Morning stiffness in the neck or lower back**	
	Difficulty in breathing			**Radiating pain, numbness, or tingling in limbs**	
EYES	**Watery / itchy eyes**		**OTHER**	**Frequent illness**	
	Swollen, redness, sticky			**Frequent or urgent urination**	

	eyelids				
	Eye bags / dark circles under eyes			Genital itching or discharge	
	Blurred or tunnel vision			Low metabolic disorders	

PART 1 SUBTOTAL: _____

PART 2: Medical History, Lifestyle & Specific Conditions

Instructions: Please check the box that best applies to your health history and current lifestyle.

No.	Question	Options & Scoring
1	Do you consume alcohol, tobacco products, or recreational drugs?	[ ] Never (0) [ ] Occasionally (1) [ ] Frequently (2) [ ] Constantly (3)

2	Do you wake up feeling fatigued, heavy, or unrested?	[ ] No (0) [ ] Occasionally (1) [ ] Frequently (2) [ ] Constantly (3)
3	Do you experience abnormal heaviness in the stomach after meals?	[ ] No (0) [ ] Occasionally (1) [ ] Frequently (2) [ ] Constantly (3)
4	Do you experience foul-smelling, sour, or food-tasting burps after meals?	[ ] No (0) [ ] Occasionally (1) [ ] Frequently (2) [ ] Constantly (3)
5	How would you rate your ability to concentrate?	[ ] Excellent (0) [ ] Good (1) [ ] Fair (2) [ ] Poor (3)
6	Do you engage in regular physical activity?	[ ] Yes, regularly (0) [ ] Occasionally (1) [ ] Rarely (2) [ ] No, never (3)

7	How would you rate your satisfaction with your sex life with your partner?	[ ] Very satisfied (0) [ ] Somewhat satisfied (1) [ ] Neutral (2) [ ] Dissatisfied (3)
8	Have you experienced any sexual difficulties?	[ ] No (0) [ ] Yes, occasionally (1) [ ] Yes, frequently (2) [ ] Unsure (3)
9	Do you carry excess weight around your midsection?	[ ] No (0) [ ] Yes, occasionally (1) [ ] Yes, frequently (2) [ ] Unsure (3)
10	How often do you consume foods rich in vitamin B12 and calcium?	[ ] Daily (0) [ ] Several times a week (1) [ ] Occasionally (2) [ ] Rarely or never (3)

11	Have you noticed any changes in your appetite?	[ ] No change (0) [ ] Increased appetite (1) [ ] Decreased appetite (2)
12	Have you noticed any changes in the color of your hair, such as greying?	[ ] No (0) [ ] Yes, occasionally (1) [ ] Yes, frequently (2) [ ] Unsure (3)
13	Have you observed any changes in the thickness or texture of your hair?	[ ] No change (0) [ ] Thinning (1) [ ] Increased brittleness (2) [ ] Unsure (3)
14	Do you notice any signs of premature aging?	[ ] No (0) [ ] Occasionally (1) [ ] Frequently (2) [ ] Constantly (3)
15	Do you notice any paleness or pigmentation changes in your skin?	[ ] No (0) [ ] Occasionally (1) [ ] Yes, frequently (2) [ ] Unsure (3)

16	Have you experienced any hormonal changes recently?	[ ] No (0) [ ] Yes, occasionally (1) [ ] Yes, frequently (2) [ ] Unsure (3)

Diagnostic History:

For the following, score:

[ ] No (0)

[ ] Yes, in the past (1)

[ ] Currently undergoing treatment (2)

[ ] Unsure (3)

No.	Condition	Score (0-3)	No.	Condition	Score (0-3)
17	Diagnosed with high blood pressure?		23	Diagnosed with thyroid issues?	
18	Elevated triglyceride levels?		24	Diagnosed with gout?	
19	Elevated cholesterol levels?		25	Diagnosed with reduced hemoglobin levels?	
20	Diagnosed with type 2 diabetes?		26	Diagnosed with any heart disease?	

21	**Informed that you are pre-diabetic?**		**27**	**Brain stroke or suffered brain damage?**	
22	**Colitis or irritable bowel syndrome (IBS)?**		**28**	**History of major neck/back physical trauma?**	

PART 2 SUBTOTAL: _____

GRAND TOTAL (Part 1 + Part 2): _____

Listen to Your Body's Priorities:
While the Grand Total provides a broad view of your health, true balance starts at the system level. Check which section in Part 1 generated the highest score. This pinpoints the specific biological system asking for your most immediate attention and care.

Health Assessment Scoring Key

0 – 50 Points (0% to 15%): Optimal Health & Systemic Harmony

- **Interpretation:** Your physical health is currently stable. Symptoms are transient, infrequent, and likely related to minor, temporary stressors. Your body's metabolic processes and physiological systems are maintaining a good baseline balance.
- **Action:** Continue current lifestyle, dietary habits, and routine physical activity. Focus on preventative care and seasonal maintenance.

51 – 100 Points (16% to 30%): Mild Imbalance & Early Warning Signs

- **Interpretation:** You are experiencing the early accumulation of stress or physiological imbalance. While not debilitating, these symptoms indicate that certain systems (such as digestion or sleep cycles) are operating under strain.
- **Action:** Minor lifestyle and dietary adjustments are recommended. Focus on improving digestion, regulating sleep patterns, and identifying specific triggers in the symptom categories where you scored highest.

101 – 165 Points (31% to 50%): Moderate Dysfunction

- **Interpretation:** There is a clear manifestation of deeper systemic issues. Symptoms are frequent and likely impacting your daily energy levels, concentration, or physical comfort. This score often reflects chronic lifestyle factors beginning to translate into clinical conditions.

- **Action:** A structured intervention is highly recommended. It is advisable to consult with a healthcare practitioner to review the specific systems (e.g., respiratory, joint, digestive) that are causing this elevated score and develop a targeted therapeutic plan.

166+ Points (Over 50%): Severe Health Risk

- **Interpretation**: You are experiencing significant physical distress across multiple bodily systems, combined with a complex medical history. Your body's natural restorative functions are likely compromised, leading to severe daily symptoms.
- **Action**: Immediate clinical supervision is strongly advised. Do not attempt to resolve these symptoms solely with basic lifestyle changes; comprehensive diagnostic testing and professional medical management are required to address the root causes.
